Tuesday March 19, 2024
EST 6pm - 7pm | CST 5pm - 6pm
MT 4pm - 5pm | PST 3pm - 4pm

We all want to stay in our own homes for as long as we can. But that's not always in our best interest. Do you have a loved one, whose health is declining, and they want to continue to live "independently" in their own home? This presentation offers family caregivers communication strategies to explain the realities and dangers of staying at home and alternative solutions.
