“How to Protect Your Family, Assets & Legacy Through Estate Planning”

Estate planning entails determining how an individual’s assets will be preserved, managed, and distributed after death. It also takes into account the management of an individual’s medical, financial and day-to-day affairs in the event that they become incapacitated. Join our short 25 minute webinar with Attorney Thomas K. Stone to learn how to protect your family, assets and legacy through estate planning. After completion of the webinar, you will be entitled to a free estate plan consultation.
